

Finding a Community in WeTeachNYC Classes & Communities

After logging in to Classes & Communities, the “My groups” section of your Classes & Communities home will list up to five of your communities.

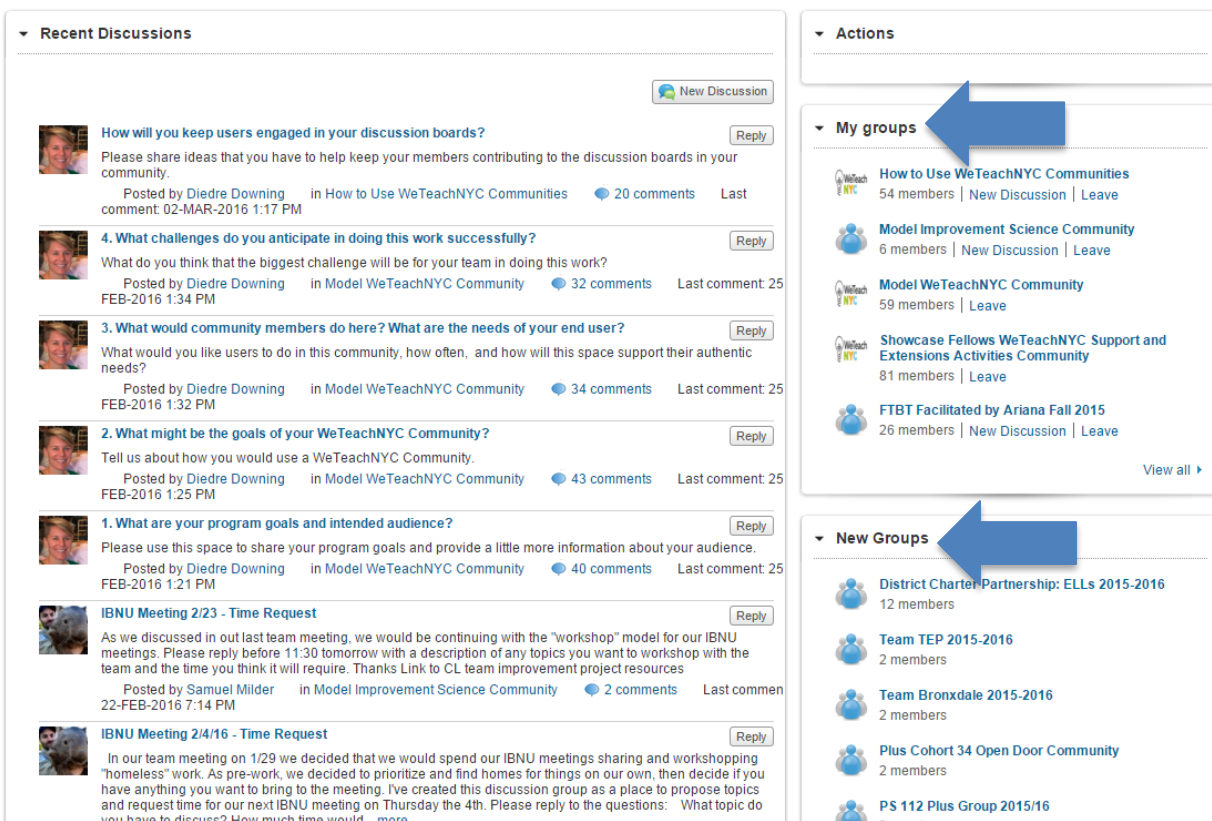

To view all of your communities, click “View all” at the bottom of the “My groups” section, which will take you to the full “My groups” list. Here you can sort your communities by recently added or alphabetically.

You can also view all of your communities by clicking the “Groups” tab in the upper left corner of your Classes & Communities home.

After clicking the “Groups” tab, you will see all communities you are a part of under the “My Groups” section, and all new communities in WeTeachNYC (starting with the newest) under the “New Groups” section. The description will indicate whether a community is open for all WeTeachNYC Classes & Communities members to join.

IBNU Meeting 2/23 - Time Request [Reply](#)
As we discussed in our last team meeting, we would be continuing with the "workshop" model for our IBNU meetings. Please reply before 11:30 tomorrow with a description of any topics you want to workshop with the team and the time you think it will require. Thanks Link to CL team improvement project resources

IBNU Meeting 2/4/16 - Time Request [Reply](#)
In our team meeting on 1/29 we decided that we would spend our IBNU meetings sharing and workshoping "homeless" work. As pre-work, we decided to prioritize and find homes for things on our own, then decide if you have anything you want to bring to the meeting. I've created this discussion group as a place to propose topics and request time for our next IBNU meeting on Thursday the 4th. Please reply to the questions: What topic do you have to discuss? How much time would you need?
