

Updating your personalized recommendations preferences on WeTeachNYC

You can always update your preferences for grade, subject, and Danielson components to ensure you are receiving the most relevant recommendations.

In order to update your preferences, click on the blue “Manage these preferences” link just above your recommendations or visit your profile from the top navigation bar.

Once in your WeTeachNYC profile, click on the blue pencil next to each preference to open your current preferences.

Click on items to select or deselect them and then click the green save button to save your changes. Clicking on the X will close out the box without saving your changes.
