

Viewing your personalized recommendations on WeTeachNYC

After you have logged in and indicated your preferences, personalized classroom and professional learning recommendations will appear on the WeTeachNYC homepage every time that you log in.

The screenshot shows the WeTeachNYC homepage. At the top, there is a navigation bar with the WeTeachNYC logo, a search bar, and links for HELP, SUBMIT RESOURCES, and HELLO, JOHN SMITH. Below the navigation bar, there is a search bar with the text "Search for lessons, professional learning resources, and more". Below the search bar, there are filters for POPULAR SEARCH TERMS (ESI-R, Videos, Danielson, Professional Learning), Grades (PK, K, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12), Subject, Educational Use, and MORE FILTERS. The main content area is titled "Classroom resources recommended for you." and includes a link to "Manage these preferences." Below this, there are two sections: "Mathematics resources in grades 6, 7, and 8" and "English Language Arts resources in grades 6, 7, and 8". Each section contains a grid of resource cards. A red box highlights the "SEE MORE →" link in the Mathematics section, and a blue arrow points to it from the right.
