

Community Overview

The images below will orient you to the different sections of a WeTeachNYC Community.

1	The Community Goal section shares the overall goal and learning objectives for the community and an explanation of how the community will support those objectives.
2	The Next Steps section provides information about what you need to do in the community.
3	The Tags section helps you to more easily find the content you need by grouping discussions, files, and videos using key words.
4	The Facilitator section gives you a way to directly email the community facilitator(s).
